

Mr.Solar Flash is used solar panel which is enviroment conscious!
 Accordingly, It is ECO and COMPACT product!
 It is ufeul to check the snapping of the Optical fibercable.

Item	Features
Central Wavelength	650±10nm
Light source	LD
Optical output	More than 2mW
Arriving distsnce	About 4~6km ※1
Corresponding Connector	2.5mm Universal Ferrule
Power supply	Solar battery/It will work 2h on 3h chege. ※2
Size/Weight	W38×H54×D18<mm>/80g

※1.Arrival distance is depending on the type of fiber and the condition of connection

※2. It is approx. time when it uses in dark place.

■LC/MUの場合は、別途プラグインコンバータが必要となります。

■本製品の光出力端子を直接覗いたり、接続した光端面を覗き込まないで下さい。
 レーザ光源により、目を傷める危険性がございます。
